

Another
VICTORY
in the field.

Robert J. Kaleta,
Zeiss Hunting
Product Specialist

Thanks to Remington, Stearns and Wayne Woods at Woods Outfitting.

Products used:
VICTORY 8x32 FL binocular and
VICTORY 2.5-10x50 riflescope

"It's not often you have to face rain, wind, salt water and rough terrain all in one hunt. But thanks to my Zeiss riflescope and binoculars, they weren't a problem. And neither was this 300-pound, 6.5-foot Alaskan black bear."
